A child will not be permitted to play down unless there are special circumstances and it is approved by KMSL board.

## **What equipment is needed, and do they wear a uniform?**

U6: Players are required to have JSC jersey, black shorts, purple socks, shin guards, and soccer cleats (no metal or baseball cleats allowed). Uniforms can be purchased in the fall or spring through our website, [jacksonsoccerclub.org](http://jacksonsoccerclub.org). A water bottle is highly recommended. A size 3 soccer ball with your child's name is suggested for practices, but not required.

U7 - U14: Players will need to wear their assigned uniform (these are bought for the fall/spring season) including JSC jersey, black shorts, purple socks, shin guards, and soccer cleats (no metal

If there are multiple teams for the same age level, teams will be split as evenly as possible. Sometimes due to circumstances a child may be asked to play up a level to form a team, or because of skill.

### **Weather and Cancellations**

Please know that soccer will be played despite the weather. Our season is limited and very tough to reschedule games. Be sure to dress appropriately, additional clothing can be worn under uniforms. Safety is still a top priority, so the following guidelines are used in determining game cancellations. If the weather goes bad just before game time it is up to the referee to call the game. We want to keep players, referees, and spectators safe. Of course, the coaches can and should discuss with the referee, safety must be considered.

If lightning is seen in the immediate area, fields should be evacuated and re-evaluated after 15 minutes by the referee and coaches to see if play can be resumed. If we have a large amount of rain prior to the game and the fields are unable to shed the extra water, the game may be canceled. Coaches or the Field Director can make this determination. The home field coach is responsible to call the visiting coach to let them know the game is cancelled. If a visiting team coach does not hear from the home team coach they should assume the game is on and proceed to the field on time. Spring time snow on the field, will result in a game cancellation. Again, weather interpretation can vary. Our players or parents should not make judgments at home and not show up. Most notifications are done by email, text or phone call.

**How can I help?**

Coaches, assistant coaches and other parent volunteers are always needed to keep the club running. There is always a need for field painters and referees. If you have a special skill or service, please let the club know.
